## **DETAILED ACTION**

### ***Response to Arguments/Remarks***

1. Applicant's arguments, see pages 12-14, filed November 17, 2004, with respect to claims 1-22 have been fully considered and are persuasive. The rejection of claims 1-10, 13-20 and 22 has been withdrawn. Claims 11-12 and 21 are rejected under 35 USC 112.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 11-12 and 21 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

Claims 11 and 21 recite multiple ranked phases stored in a ranking circuit based on a quasi-coherent signal correlated by a correlator. This does not distinctly claim the subject matter set in the disclosure of Fig.2 wherein the ranking circuit 76 storing phases based on the added quasi-coherent signal SS of quasi-coherent signals SS1, SS2 and SS3 described in specification page 25 lines 16-23.

Claim 12 is dependent on the rejected claim 11.

*Allowable Subject Matter*

4. Claims 1-10, 13-20 and 22 are allowable over prior art.

The following is a statement of reasons for the indication of allowable subject MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
